What everyone needs to know

COUNCIL REQUIREMENTS, FEES AND CHARGES

Fees and Charges

Council fees and charges apply to all activities and events held at Council managed properties such as the Park Lands, the Adelaide Town Hall and Function Centre or city streets. You must include all Council fees and charges as part of your application budget as Council **will not waive fees** associated with your event and **does not provide in-kind support** in addition to funds granted. A Schedule of Council Fees is provided on the application forms. Please contact **Events, Vibrant City** on **8203 7203** about holding your activity or event in the city and any associated fees or charges that may apply.

Approvals

Applicants applying for **Public Art Grants** (page 20) are reminded to include all art work site preparation and installation costs in the Grant application. Most public art projects and some facilities projects will also require **Council approvals**. Applicants are responsible for obtaining development and property owner approvals; permits for work in the public realm; and in some instances, the provision of engineering drawings associated with the proposed public art work or facilities upgrade.

Applicants funded under the **Facilities Grants Category** (page 31) must note that approval of Council funds does not remove their responsibility to obtain Landlord Approval or lodge Development Application forms. If approved for funding applicants are required to seek the necessary approvals through Council's **Development Assessment Team** on **8203 7185**.

Public Liability Insurance

Any group who hires a Park Land or an area of the city for a public event is required to ensure they have \$20 million public liability insurance. Artists developing or installing public artworks are also required to obtain public liability insurance. A Certificate of Currency from an approved insurer is required prior to beginning work or holding your activity or event.

Acknowledgment of Council Support

It is a condition of funding that all successful applicants acknowledge Council's funding support of their activity or event. This includes the placement of Council's logo on promotional materials and programs. You need to contact **Marketing and Creative Services** for access to and correct usage of Council's logos on **8203 7203**.

In some cases it may be appropriate to invite the Lord Mayor and Council Members to program launches, events and activities. A contact list for the Lord Mayor and Council Members will be provided to all successful applicants.

Park Land Booking

Once you have decided which Park Land or square you will be holding your event or activity in, you are required to make a tentative Park Land booking with **Events, Vibrant City** on **8203 7203** prior to submitting your application. If Council endorses your application for funding, you are responsible for confirming the Park Land booking and for all infrastructure required to hold your activity or event.

Please note that some Park Lands have a Kaurna name and Council encourages the use of Kaurna names on promotional materials. For more information contact Council's **City Community Program** on **8203 7203**.

What everyone needs to know

Council's Marquee

Council has a marquee available for public use. There is a fee for this service. If you intend to use Council's marquee, then you must include a budget for this in your application. Please contact **Events, Vibrant City** on **8203 7203** to check availability and request a pricing schedule and booking form.

Risk Management Plan

You will be required to submit a Risk Management Plan. This is a standard document applicable to all public events, public artworks and activities held in the Park Lands and squares. It details what actions will be taken should an emergency arise.

Bins and Rubbish Removal

You or the event organiser are responsible for ensuring that there are enough rubbish bins at the site of your event or activity. It is also your responsibility to ensure removal of the rubbish created as a result of your event or activity. Many organisers adopt a zero waste approach for their event. For more information on the Zero Waste Recycling Scheme visit: www.zerowaste.sa.gov.au

INSURANCE

A public liability insurance policy will be necessary for an organisation or group undertaking an activity or event. This will protect the organisation or group against negligence claims made by a third party in respect of bodily injury or property damage arising out of their event.

A national internet based insurance provider specifically for community groups has been established to provide improved access to affordable insurance cover for small non-profit organisations. South Australia's Local Government Association and Insurance Broker Jardine Lloyd Thompson have worked together to establish Local Community Insurance Services, which will provide low-cost insurance cover for community groups across Australia.

The insurance scheme, which is supported by QBE Insurance, provides a range of different types of insurance cover for community organisations that have a turnover of up to \$5 million per annum. Forms of cover provided include public liability insurance, cover for the personal liabilities of community groups' office bearers, coverage against accidents sustained by volunteer workers, and a variety of business-related insurance packages.

For more information visit the Local Community Insurance Services' web site: www.localcommunityinsurance.com.au

There is also a national Community Insurance Centre through the Our Community organisation whose focus is on providing practical resources on a range of matters including insurance. Access to this information can be found via their website: www.ourcommunity.com.au

What everyone needs to know

ACQUITTAL

All Sponsorships and Grants require an acquittal report to be completed, the timing of which is dependent on the program you are funded through. Each program has a standardised acquittal form with specific outcome and reporting requirements and this form is provided to all successful applicants.

Please note that failure to complete and return an acquittal form by the set date will render applicants ineligible for future funding.

GOODS AND SERVICES TAX (GST) INFORMATION

All successful applicants allocated Sponsorship or Grant funds should be aware that the GST legislation deems your organisation as providing the supply for GST purposes. As such, any liability for GST arising as a result of non-compliance rests with your organisation and the Adelaide City Council has no obligation to contribute to that liability.

Entity Registered for GST

Prior to receiving Sponsorship or a Grant, registered entities must complete, sign and return the supplied recipient created tax invoice or provide a GST compliant tax invoice for the agreed amount of funding plus GST (10%). Both the Sponsorship or Grant amount and the GST should be clearly labelled on the recipient created tax invoice or GST compliant tax invoice.

No payment will be made until a completed recipient created tax invoice or GST compliant tax invoice has been received and accepted by the Council.

Please note that if your organisation is registered for GST, the Council will gross up the sponsorship or grant by 10% for the appropriate GST amount, provided all requirements listed above are met to the Council's satisfaction.

Entity Not Registered for GST

An Australian Business Number (ABN) is to be supplied to ensure withholding tax is not applied to your funding.

Non-registered entities must provide the Council with acknowledgment of their status in regard to GST prior to receiving their funding.

The amount to be paid is the agreed offer only. Payment documentation must state that the payment does not include any GST component. Council has no responsibility for GST, which may arise due to any non-compliance issue relating to this transaction.

All applicants are encouraged to obtain independent advice on their position under the GST legislation.

Arts and Living Culture Grants Program

PURPOSE

The purpose of the Arts and Living Culture Grants Program is to assist arts and cultural organisations, groups and artists to deliver innovative and inspiring art and living cultural activities and events, which make a positive artistic and creative contribution to the city. The Arts and Living Culture Grants Program has three funding categories.

STRATEGIC PARTNERSHIP GRANTS CATEGORY ONE

Maximum Funding \$20,000

Total contribution by the applicant in cash and/or in-kind must be equal to or greater than the amount sought.

Offered in Round One Only – March 2011

Aim

Funding is available for strategic partners specifically for projects that deliver Council's program priorities through art skills workshops that result in a public outcome for the city and performance and exhibition opportunities for young, emerging and established artists.

Applicants for a Strategic Partnership Grant must demonstrate complementary funding from other sources eg State Government and/or private sources.

Priority will be given to proposals that:

- enhance city living, build community identity and foster social cohesion;
- demonstrate partnerships with the non-arts sector;
- increase the use of the city's streets and public spaces;
- develop a vibrant street culture along main pedestrian routes and spaces where people gather; and
- effectively engage young people, Aboriginal and Torres Strait Islander people, new arrivals and people experiencing disadvantage.

PUBLIC ART GRANTS CATEGORY TWO

Maximum Funding \$8,000

Individual artists are eligible to apply.

Aim

Located indoors and outdoors and presented across a variety of media, public art contributes to the vitality, cultural experience, aesthetic value and amenity of the City.

Public art may take the form of a temporary installation, material and non-material in nature (light and multimedia performance), fixed material objects (sculptures, murals, engravings, bas-relief, mosaic) and elements within the urban fabric (seating, signage, bollards and other structures).

Arts and Living Culture Grants Program

Adelaide City Council supports the translation of exciting concepts into diverse artworks for the public realm. One aspect of this is temporary public art – that which has limited material longevity and no ongoing maintenance requirements or expectations.

Public Art Grants offer opportunities for artists to create new temporary public artworks in the city. The aim is to stimulate and contribute to a vibrant street culture and the cultural life of the city. Proposals for highly visible and engaging artworks for the public realm for realisation throughout 2011-2012 are invited from emerging and established artists, designers and their collaborators. Individual artists are eligible to apply.

The artworks created for the public realm will be consistent with Adelaide City Council's Public Art Policy and Public Art Plan at: www.adelaidecitycouncil.com/policy

Priority will be given to proposals that:

- are original and of a high artistic and conceptual standard;
- reflect a diversity of artistic practice;
- reflect the diversity and cultural richness of the city;
- are site specific and reflect priority locations as per Council's Public Art Plan 2008-2013; and
- engage city communities.

Please note – If the Public Art Grant you are applying for is for artwork located within a Council managed property such as the Park Lands or city streets, Council fees and charges will apply and you must include fees and charges as a part of your grant application budget.

If the Public Art Grant you are applying for is for artwork located within or on private property you will require written authorisation from the property owner and/or tenant prior to submitting your application.

All successful proposals will be required to undergo a risk assessment with Council staff prior to the commencement of the work.

Staged Funding

Funding for the Public Art Grants Program is made in four stages:

1. Stage 1 – 20% will be paid on your acceptance of the terms and conditions of the grant;
2. Stage 2 – 20% will be paid on completion of a risk assessment and/or the lodgement and acceptance by Council of the Detailed Concept Designs and proof that appropriate Council approvals have been granted;
3. Stage 3 – 50% will be paid prior to construction and installation; and
4. Stage 4 – 10% will be paid on completion and installation.

Arts and Living Culture Grants Program

COMMUNITY PROGRAMS AND EVENTS GRANTS CATEGORY THREE

Maximum Funding \$8,000

Total contribution by the applicant in cash and/or in-kind must be equal to or greater than the amount being sought.

Aim

This grant funds arts and cultural groups and organisations for programs and events that contribute to creating a vibrant and stimulating place for people who live, work, visit or study in the city. Proposals must have a publicly accessible outcome and can include performances, concerts and sound (music) events, new media and multimedia projects, workshops, use of non-traditional spaces, venues and opportunities for emerging artists.

Where an application for a Community Programs and Events Grant is only one part of a larger funding mix, applications must demonstrate either:

- secured funding from other sources eg State Government; or
- evidence that the proposal is highly likely to attract such other funding and your contingency plans if this funding is not forthcoming.

Priority will be given to proposals that:

- reflect a high artistic value;
- enhance the living culture of the city through increased access for the community to an artistic experience;
- are innovative;
- reflect the cultural diversity of the city; and
- develop partnerships with business and the non-arts sector.

Arts and Living Culture Grants Program

Assessment Criteria For All Categories:

(Some or all may apply)

- aligns with Council's Strategic Plan;
- aligns with values of the Arts and Culture Strategy 2010-2014;
- aligns with Council's Public Art Plan 2008-2013 and Public Art Plan;
- provides evidence of general community benefit;
- involves community participation at no cost;
- includes an analysis of the need and objective of the project;
- includes activities that increase access to an arts experience in the city;
- ensures access to people who have a disability;
