**Description**

D'Arcy's dad is dead. She desperately wants it to have been an accident, but she is not sure. And when she learns the truth, things become even more difficult. Why would her father choose suicide? Why didn't she see the signs? Her father had always helped her get through everything in her life — five minutes at a time. Can she do it alone? And then she meets Seth. When will things get back to normal? Learning to live without her father while her mother struggles with her own pain, D'Arcy finds an inner strength she wasn't aware of. She also finds that almost anything is tolerable for five minutes more.
